Cam Carr

Cameron Carr · they/them

Vanderbilt '26 history honors grad, pursuing questions of human flourishing in a world increasingly shaped by AI.
Looking for frontier work that advances society in a prosocial way.
Moving to the Berkeley area in mid-November 2026, and available to start at the end of December.

EDUCATION

B.A., Law, History, and Society, with Honors in History, Vanderbilt University — 2022 – May 2026

- GPA 3.7. Dean's List all four years.
- Chancellor's Scholarship: a full-ride scholarship, awarded 2022.
- Senior honors thesis: "The Soul of Transhumanism: Rationalism and Dissent in the Early History of Transhumanism" (100 pages; adviser Dr. Ole Molvig), on the values embedded in AI and transhumanist culture.

EXPERIENCE

Operations Intern, Positive AI Labs — 2026 – present

- Core quality assurance for FlourishBench, PAL's flagship AI benchmark: review and refine complex human scenarios for realism, nuance, and internal consistency, handling confidential pre-release material.
- First to flag that the benchmark's source material was running out far faster than projected, and first to propose fixes; a modified version of one became the team's method.
- Designed a five-step AI pipeline automating the slowest parts of the team's workflow; maintain datasets and systems.
- The only intern to receive a contract extension; rehired through the end of 2026.

Research Assistant, Sociology AI Lab, Vanderbilt University — Aug 2025 – May 2026

- Co-designed a human subjects survey instrument with Prof. Davis and graduate researchers on student perceptions of AI-driven academic deskilling.
- Coordinated participant recruitment, data collection protocols, the IRB protocol, and workflows for an interdisciplinary team. CITI certified.

LEADERSHIP

President, Coach & Captain, Vanderbilt Gaming — 2022 – 2026

- Expanded Vanderbilt's League of Legends club into Vanderbilt Gaming: 100+ active members, several hundred involved.
- Vice President sophomore year, co-president junior year, and President senior year; team captain sophomore through junior year; Event Chair. Ran the organization's operations.
- Coached competitive teams on skill, strategy, and cohesion; teams I led consistently beat higher-ranked opponents. My League of Legends team reached at least the NECC quarterfinals every year, a club first.
- Mentored younger, more diverse members to take over a male-dominated board; handed the club to its first woman president, and its board is now far more balanced by gender and race.

Founder, Meditation & Mindfulness Club, Vanderbilt University — 2024 – 2026

- Built a student wellness program from scratch; led sessions and supported students through mental health challenges.

Discussion Group Leader, Human Flourishing course, Vanderbilt University

- Led extracurricular discussion groups for one of Vanderbilt's most popular classes.

Youth in Government, YMCA, Lee County, Florida — 2018 – 2022

- Revitalized the Lee County district's Youth in Government program after COVID-era funding cuts wiped out school clubs. Reached out to principals across the county for interested students; several schools now run their own programs.
- Recruited and mentored new members, coaching them to write bills, debate, and trust that their ideas were worth hearing.
- Selected twice to represent Florida at the YMCA's Conference on National Affairs (CONA).
- Volunteer YMCA camp counselor: the first non-binary camp counselor in Florida's YMCA.

TRAINING

Mindfulness Meditation Teacher Certification Program (MMTCP), with Jack Kornfield and Tara Brach — Admitted 2026

- Admitted with a 75% scholarship.
